Chapter 2 by -

My wife? Someone has my wife? What do they mean? I don't have a wife! I have a girlfriend, but she is in bed right now. I can see her! Maybe this was supposed to be for someone else. But who? I don't live in a neighborhood, so it can't be an address issue... What is going on? If someone's wife is missing, then I need to let them know, but who?

I wake up my girlfriend and tell her about the phone call, wondering if she knows who's wife it might be, but all I need to see is her face. My girlfriend starts crying. Right there.

"What?" I ask, confused by the situation.

"It's... It's..." My girlfriend says between sobs. "It's my wife!" Then she balls her eyes out and I just sit there. Stunned.
